Bridging Disciplines: Chemistry As The Catalyst for Sustainable Innovation

Thursday, April 25, 2024 | 11:00 AM - 12:00 PM (GMT+8)

Prof. Vannajan Lee
Department of Chemistry,
University of Malaya

Asst. Prof. Dr Low May Lee
Department of Pharmaceutical
Chemistry, UCSI University Malaysia

Dr. Wong Woei Fuh
Research Impact Consultant,
iesResearch, iGroup (Asia Pacific) Ltd

Engage with experts and gain insights into how integrating diverse disciplines, including the role of AI, can drive progress in the field of chemistry, fostering **green and sustainable innovation**. Discover the power of scientific collaboration in shaping the future of research.
